

June, 2018

Dear Simone Charpentier,

This letter is to certify that you have participated in a training workshop on the Insightfulness Assessment that took place in June, 11th-15th, 2018, in Heidelberg, Germany. The training workshop was conducted by Prof. Nina Koren-Karie and Prof. David Oppenheim, both from the Center for the Study of Child Development at the University of Haifa, Israel. The workshop involved training on coding interview transcripts of a procedure designed to assess maternal insightfulness into the child's internal experience. Training included a theoretical and empirical overview of the research on Insightfulness as well as in-depth training on how to analyze interview transcripts using the Insightfulness Assessment coding manual. The workshop included five full days of training, each of which included day-long group discussions as well as several hours of additional individual work.

Sincerely,

Dr. David Oppenheim and Dr. Nina Koren-Karie
